Betty Kiefer Elementary

School Report Card 2005-06

OUR MISSION

Betty Kiefer Elementary's mission is to provide the best possible education for every student in every classroom. We intend to realize this mission through: effective teacher, strong administrative support and leadership, quality curriculum, safe/positive learning environment, high expectations for students and staff, and parent and community involvement.

KEEPING YOU INFORMED

This report is a summary of some indicators of the performance of our school. No single report can tell the whole story of our school's educational program or the people who work and learn here. We encourage you to find out firsthand by visiting our school. If you are a parent of one of our students, we invite you to take an active role in your child's learning because studies show that when parents are involved, students do better in school.

HOW WE ARE IMPROVING

At Betty Kiefer Elementary we are focused on providing a high quality education for all of our students. We are proud that our students continue to perform significantly above the state average on all assessments. We also believe that the school-wide discipline plan we have in place instills in our students the desire to be kind, tolerant, and respectful to others. We believe that all students can be Self Managers and earn the privileges that come with that status.
